**NexLight low-voltage light control delivers state-of-the-art lighting automation with unprecedented commercial lighting control.**

**For fifty years, Lehigh, a family owned and operated company, has designed and manufactured architectural and theatrical lighting and control systems.**

## - LET US HELP YOU GO **GREEN** -

IECC / ASHRAE 90.1 / EPCACT / Title 24

What is this, alphabet soup?  
Nope, it's the law in Illinois and all across the America!

Chicago Lighting has been at the forefront in helping Northern Illinois and the Chicago area adapt to the New State Mandated Energy Conservation Code.

No matter if you are a specifier or contractor, we can help you meet all the requirements from Watts Per Square Foot to Lighting Controls.

In the coming months, we will be showcasing our most successful projects. We are saving our clients money and helping to make buildings greener.

Look for the links to both the Federal and State of Illinois sites on our web page.

Give us a call....we can help!
